

<https://WebODM.org>

Usage

Installation

- There are many ways to install ODM:
 - Docker (Windows, MacOS, Linux)
 - Web-based GUI called WebODM
 - Natively using Ubuntu 16.04 or later (or with Virtual Machine via vagrant)
- Windows and Mac OS:
 - WebODM installer available: <https://WebODM.org>
- See project: OpenDroneMap.org and docs.opendronemap.org and community.opendronemap.org
