The screenshot displays the WebODM web application interface. On the left is a teal sidebar with navigation links: Dashboard, GCP Interface, Processing Nodes, Administration, API, Documentation, and Customize. The main content area has a teal header with the WebODM logo and a user profile icon. Below the header, there's a '+ Add Project' button. The main area contains three project cards: 'Sance', 'Aukerman', and 'Toledo Metroparks'. Each card shows '1 Task' and an 'Edit' link. To the right of each card are two buttons: 'Select Images and GCP' and 'View Map'.
